MEMORANDUM FOR: DCGP

SUBJECT: OCB Meeting, 21 September.

25X1A 1. The meeting was held in George Morgan's office. Present: Mr. Morgan (OCB), Mr. Radius (State), Mr. Porter (FOA), Mr. Godel (Defense), Mr. [] (CIA).

25X1A 2. There was an extended discussion of items for the agenda to be taken up on 23 September. This is summarized in the memorandum to [] of DCI's office, which is attached.

3. The matter of the organization and personnel for the OCB staff was discussed, and some divergence of views was expressed. State feels that an advisory element should include a well-qualified economist, who may possibly need additional support. Defense is in some doubt as to whether a single person could serve effectively as a military advisor. I recommended that OCB/attempt to set up area specialists, but rather to organize on functional lines, drawing upon area specialists from the participating agencies as required. (I reported this to CPP, who later discussed it with Morgan.)
